PROJECTS

PERSONAL PORTFOLIO

Developed a responsive personal portfolio website using HTML, CSS, and BOOTSTRAP, featuring custom design elements, interactive sections, and optimized for fast load times and mobile devices, effectively showcasing my skills, projects, and professional experience.

GRAPHIC DESIGNING

Developed company promotional materials including visiting cards, posters, standees, and brochures using graphic design, ensuring cohesive branding and visually appealing layouts to effectively communicate the company's message and enhance its marketing efforts.

ZAPEE COSMTIC (IN PROCESS)

Developed a user-ZAPEE Cosmatic website using HTML, CSS, and BOOTSTRAP, featuring custom design elements, interactive cosmatic search , optimized for fast load times and mobile devices, effectively showcasing available cosmatic with detailed descriptions and images.
